**Subject:** RE: Leviathan Mine - 2016 Cultural Resources Monitoring Report

Lynda,

We will get the copies out to the SHPOs and the THPO.

Thanks,

Marc

**Subject:** RE: Leviathan Mine - 2016 Cultural Resources Monitoring Report

Hi Marc,

Thank you for sending U.S. EPA one hardcopy and one electronic copy (CD/DVD) of the Report for 2016 delivered on June 26, 2017.

Our mail system is tedious at best, and I am pushed to work remotely a majority of the time (due to indoor air levels that exceed acceptable levels)

which slows document movement down as well. I will ensure we have it in our files.

Please send one hardcopy and one electronic copy (CD/DVD) on behalf of the U.S. EPA as the lead agency --to the SHPOs and the THPO.

I look forward to receiving the 2017 memo.

Thank you.

**Subject:** RE: Leviathan Mine - 2016 Cultural Resources Monitoring Report

Lynda,

- You should have an email from Amec Foster Wheeler on Tuesday (7/25) at 7:05 AM regarding submittal of the 2016 Cultural Resources Report (copied below). As explained, U.S. EPA has varied the means by which the report is submitted to the SHPO/THPO in the past and we request clarification on how you would like us to proceed with the 2016 Report.

*Atlantic Richfield provided the U.S. EPA with one hardcopy and one electronic copy (CD/DVD) of the Humboldt-Toiyabe National Forest – Cultural Resource Narrative Report – Addendum No. 4 – Cultural Resource Monitoring Report for 2016. The shipment was sent via Federal Express on June 23, 2017 and was delivered on June 26, 2017. In addition, two hardcopies and two electronic copies were provided to the U.S. Forest Service, which Atlantic Richfield provided as a stipulation of its Archeological Resources Protection Act permit with that agency. This is the same distribution that has been used for the previous NHPA related documents. In the past, the U.S. EPA has requested that Atlantic Richfield provide it with a specific number of additional hard copies, which it would forward as the lead agency with its own transmittal documentation to SHPOs or the THPO. In addition, in the past U.S. EPA has also requested that Atlantic Richfield forward NHPA related documents directly to the SHPOs and THPO. Please let us know how you would like to proceed.*

- NHPA – We are currently working on the memo regarding the activities to be conducted in 2017 that fall under and are following the 2016 protocol, and language for a newly proposed protocol for 2017 activities are outside of the 2016 protocol. As indicated the other day, the only such activity is the hydrocarbon investigation in the Camp Isabel area. We think the proposed 2017 protocol to cover the intrusive work in the Camp Isabel area will be better received if it is accompanied by the site record of Camp Isabel from the Class III Survey. Our archaeologists completed the field survey on July 17 and they are working on finishing up the site record. The site records require a lot of detail and we anticipate having it completed by early to mid-next week at which time we would submit the memo, language for the newly proposed 2017 protocol and the Camp Isabel site record.

Thanks,

Marc

Marc,

Wanted to confirm when we might receive

- The memo outlining NHPA activities to date in 2017; those items that fall under and are following the 2016 protocol; any activities that fall outside of that proposed process; and your proposed process of how to handle.
- Also the end of year hard copy report should to go THPO/SHPO and EPA at a minimum

**Subject:** FW: Leviathan Mine - 2016 Cultural Resources Monitoring Report

Thanks for the NHPA update call today; and we look forward to your memo and the June report.

Also, Could you let me know if this end of year report dated June 15, 2017 was provided in hard copy to EPA? Were other hard copies provided?

I don't think THPO/SHPOs have access to the sharepoint, and a hard copy is likely best?

Thoughts? Lynda

**Subject:** Leviathan Mine - 2016 Cultural Resources Monitoring Report

Lynda/Gary,

On behalf of Atlantic Richfield, Amec Foster Wheeler is submitting the attached *Humboldt-Toiyabe National Forest, Cultural Resources Narrative Report for the Leviathan Mine Cultural Resources Inventory, Addendum No. 4 – Cultural Resources Monitoring Report for 2016, Leviathan Mine Site, Alpine County, California, and Douglas County, Nevada*. The report is available for immediate download on the Leviathan Mine SharePoint Site via the hyperlinks provided in this email. In addition, a hardcopy will follow.

Because of the large file size, it is not possible to load a single .pdf file of the report to the SharePoint site. Instead, to accommodate the varying download speeds of the individual SharePoint, we have segmented the document into file sizes of approximately 15MB or less.

The document is stored on this [site](#). Click here to directly access the [folder](#) where these folders/documents are stored. Click on the link below to access each folder/document individually:

Title	Folder/File
Cultural Resource Narrative Report Addendum No. 4	<a href="#">Cultural Resource Narrative Report Addendum No. 4</a>

If you have any problems accessing the SharePoint site, please contact Ashley Shively ([ashley.shively@amecfw.com](mailto:ashley.shively@amecfw.com)) and me ([marc.lombardi@amecfw.com](mailto:marc.lombardi@amecfw.com)).

If you have any questions or comments about the report, please contact Tony Brown at (657) 529-4537 or [anthony.brown@bp.com](mailto:anthony.brown@bp.com).

Thanks,

Marc
